

Measuring systems and controllers

[Organic solvent measurement system](#)

explosion protection during drying

[Temperature measurement system](#)

Do 12 kanałów pomiarowych, pomiar rozkładu temperatury w piecu

[Detail surface scanning gate](#)

Automatyzacja bez zaawansowanego programowania

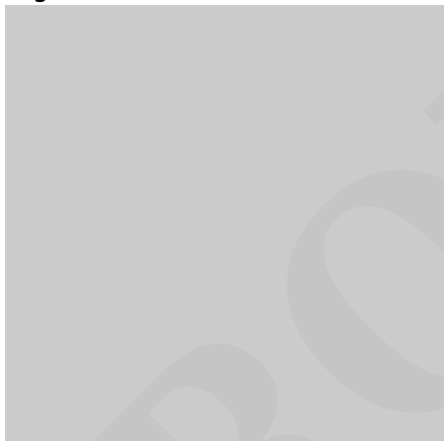

[Detail measurement gate](#)

Automatic measurement of element dimensions before coating

[ProfiControl 10" controller](#)

Highest level of automation

[Explosion detection and suppression](#)

Reakcja poniżej 500ms
